

Oval Ski Club Website Specification

Company Overview

Oval Ski Club is a voluntary skiing organisation located in Liverpool, Merseyside. The company own the website domain name “www.ovalskiclub.com” and use this website to show what services it offers to the public.

The company consists of a committee and a number of qualified skiing instructors. The club offers different membership packages to juniors, seniors and adults. Any income that the club gain is spent on skiing equipment, training and future social events.

One of the main services offered by Oval Ski Club are club sessions for both Juniors and Adults, which are held every weekend once the skiing season starts in September.

Other services offered within the club are social events such as skiing walks, committee meetings which determine how the club is run. Club holidays are also organised once during each skiing season which usually last for a week. Oval Ski Club also have a racing team which participate in a skiing league every season.

Scenario

Billy has decided to take up skiing and wishes to know what clubs there are in his local area. He searches the internet and finds that Oval Ski Club is the nearest to him. He locates their website address and navigates his way to the clubs homepage.

The homepage shows an update stating that the new skiing season has now begun. There is another update that says complete beginners can take up skiing in blocks of lessons, visit the club sessions for more information.

Before he visits the club sessions webpage, Billy wants a little more background about Oval Ski Club and reads the information provided on the about us webpage.

Billy then navigates to the club sessions page and checks what memberships are on offer, but still has some questions he needs answering before he thinks about signing up to Oval Ski Club. From this, he then goes to the FAQ page.

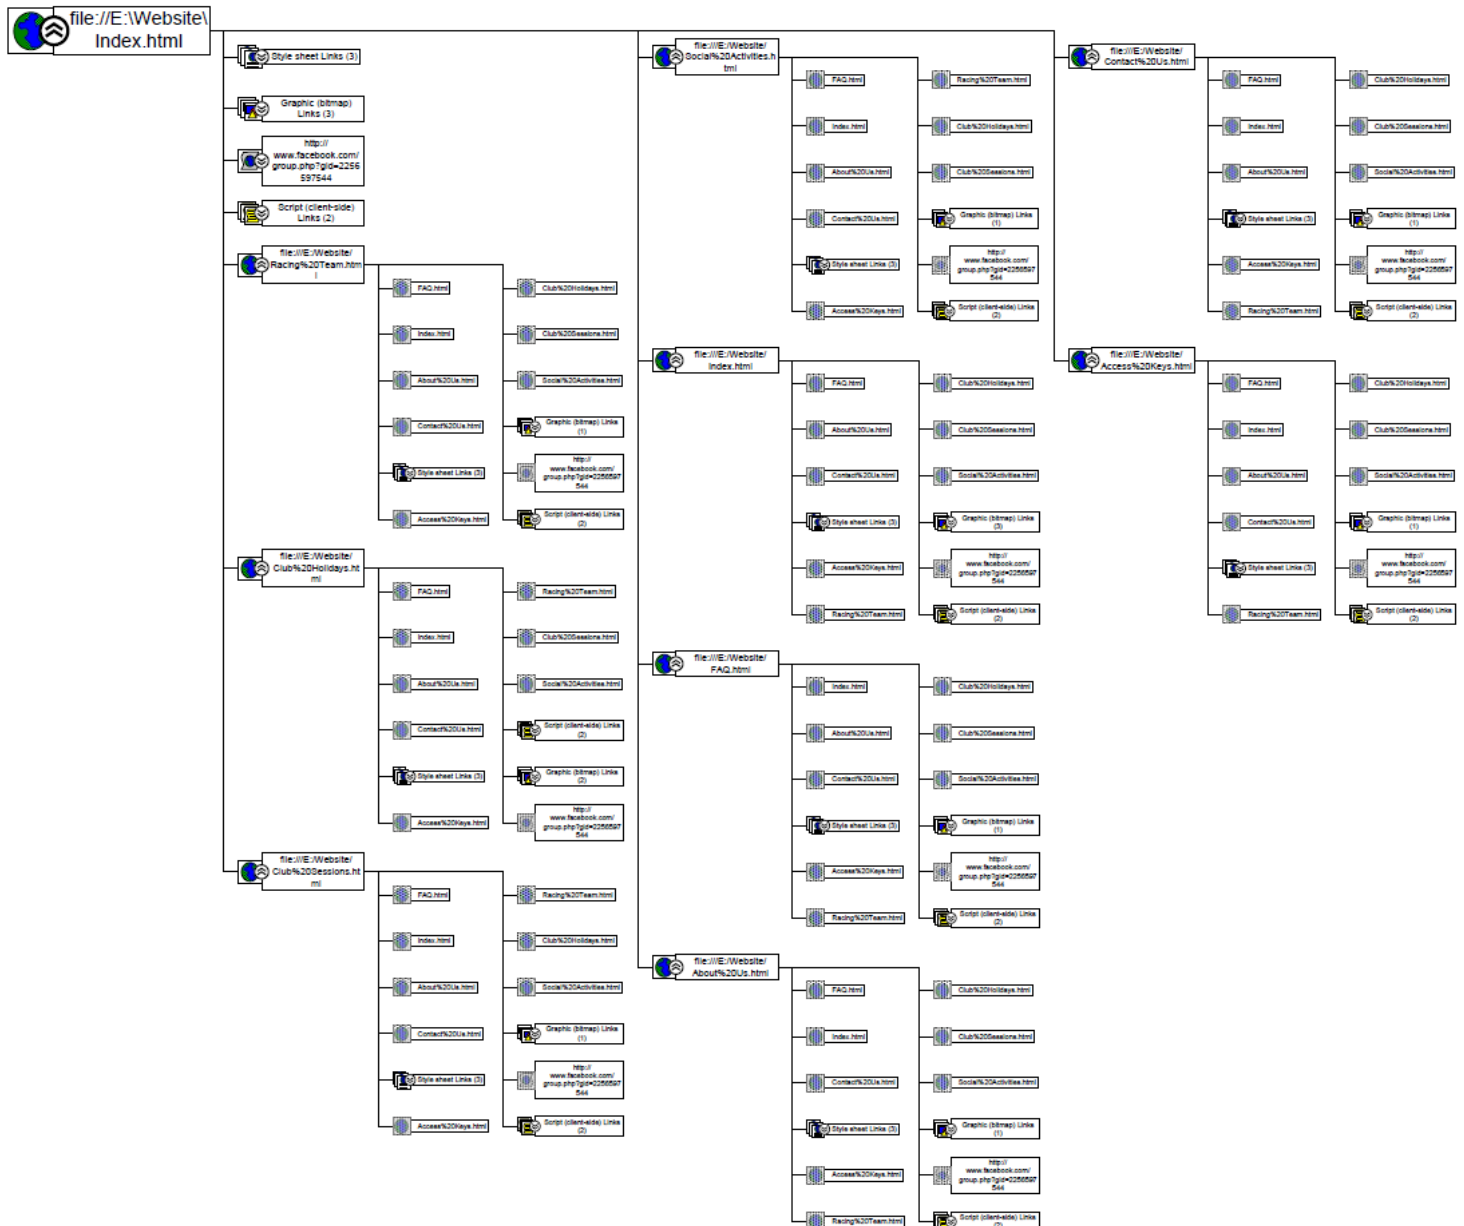

Billy reads the frequently asked questions and decides he wants to sign up to Oval Ski Club. He then navigates to the contact us webpage, finds the relevant information and expresses his interest in joining the club.

Features not currently implemented at this stage:

- Provide links to skiing companies that offer discounts at the bottom of the webpage.
- Have a link to the homepage for both the company logo and a “Homepage” link on the navigation bar.
- Insert additional volunteer information on “Social Activities” webpage.
- Changing your password.

This website specification provides details on the anticipated designs and functionality. From this, initial website designs and intended functionality in the specification are subject to change.

Oval Ski Club Site Map

The site shows everything that exists within the website such as directories, script, images and style sheets.

Breakdown of Oval Ski Club website

The website will be created using the “Twitter Bootstrap framework”. Within this framework will be HTML, JQuery and JavaScript coding. A CSS file will also be used within each webpage in order for the website background to be displayed.

Access keys will be built in to help visually impaired users with navigation and understanding of the website. Alt tags will also be included for every image that the website has.

This specification will provide details on the anticipated designs and functionality and is

Overall, the Oval Ski Club website will have 9 webpage's. These are as follows:

- Homepage
- About Us
- Racing Team
- FAQ
- Contact Us
- Access Keys
- Club Sessions (Located on a dropdown box menu)
- Social Activities (Located on a dropdown box menu)
- Club Holidays (Located on a dropdown box menu)

As you can see above, three links are located inside a dropdown box. There will be an additional website link created called “Join In” which will contain these webpage's.

Each webpage created will also contain the same company logo, website background, navigation bar, sign in form, weather information, banner image and footer layout.

Each webpage will also have a link on the footer with a link to the Oval Ski Club Facebook group.
